AP Music Theory Summer Project

Please complete the following workbook, available at local music stores (call ahead!) or at any online bookstore. I have free copies for any student if you email me for the link or come by my office for a printed copy.

Practical Theory Complete, by Sandy Feldstein
(ISBN 0-88284-225-0)

Complete the specified sections to be submitted when school begins for an exam grade. Lessons will start off very easy and get increasingly difficult as you progress through the book.

- Lessons 2 – 17
- Lessons 23 – 40
- Lessons 45 – 70
- Lessons 77 – 80

During the school year we will use a workbook that costs approximately \$32 through Herndon High School. When school begins you will be asked to purchase the book directly from HHS. Free/reduced lunch students will be covered but will need to complete a “permission to release records” form. Stay tuned for more information in August.

If you have any questions throughout the summer, please contact me at KGJacoby@fcps.edu

Have a great break!

Musically Yours,

Kathleen Jacoby
Director of Bands, Herndon High School
